

ENGINEERS WILL VOTE ON STRIKE

Western Lines In Danger of Tieup.

NEGOTIATIONS BROKEN OFF

Demand For 15 Per Cent Wage Increase Turned Down by Railroads West of Chicago and Compromise Submitted, Which in Turn Is Rejected by Members of Union—Vote Is Expected to Be Completed by December 15.

Chicago, Nov. 8.—A strike of railroad engineers, which would tie up every railroad of importance west of Chicago, threatens to be called in January, according to grand officers of the Brotherhood of Locomotive Engineers, for whom Grand Chief Warren S. Stone of Cleveland, O., is spokesman. According to Mr. Stone, and admitted by railroad representatives, conferences were begun between a committee from the engineers and the western managers' associations Sept. 26 in this city, and nearly 25 sessions have been held since, the last being on Friday, when the last amicable arrangement of differences was declared to be unacceptable.

The union committee was composed of 52 general chairmen from all over the country, with six grand officers, and the railroads, 61 in number, were represented by a conference committee of 10, being General Manager F. E. Ward, Burlington; B. C. Bachelder, first vice president, B. & O.; T. F. Durham of the M., K. & T.; G. H. Emerson, assistant general manager Great Northern, and others.

The engineers presented a demand for an increase of 15 per cent in salaries. The railroad men offered compromises, which were refused, and the word was taken back to the local unions to vote whether or not to strike. The reply will be brought back by Dec. 15.

The brotherhood contains 60,000 members in the United States, Canada and Mexico, and 33,750 engineers will be affected on the lines in dispute.

OHIO ELECTION IS LACKING IN GINGER

Reports From Over State Indicate Light Vote.

Columbus, O., Nov. 8.—Reports from nearly every part of the state which have reached Democratic or Republican headquarters here indicate that the vote being cast in Ohio today is light. The cities of Cleveland, Cincinnati, Toledo and Akron report difficulty in getting voters to the polls early, and unless there is an evening rush the total vote cast will be far below the average. Smaller towns and the country districts show a more willing spirit on the part of the voters.

Neither Chairman Laylin nor Chairman Nichols of the Republican and Democratic state executive committees had anything to add to their forecasts issued Saturday concerning the election today. At Republican headquarters some of the attaches ventured to predict that the gubernatorial result in Ohio would be determined by 10,000 votes either way.

In his last statement Democratic Chairman Nichols said that Harmon would have a plurality greater than that given any Democrat since the organization of the Republican party. This would mean more than 42,000, which was the Pattison plurality. Nichols claimed the senate and also the legislature on joint ballot. He did not claim the house. Both he and Chairman Laylin of the Republican committee claimed 14 congressmen. Laylin said that Harding and his colleagues would be elected by "substantial majorities." He predicted the Republicans would control both the senate and house.

G. A. Storck, state secretary of the Socialist party, says the Socialist vote will run in excess of that of 1897, recorded two years ago.

Harry M. Daugherty, Republican, who is a candidate for United States senator, predicted the election of Harding, the remainder of the ticket, and that Republicans would control the assembly.

PILES QUICKLY CURED AT HOME

Instant Relief, Permanent Cure. Trial Package Mailed Free to all in Plain Wrapper.

Many cases of piles have been cured by a trial package of Pyramid Pile Cure without further treatment. When it proves its value to you, get more from your druggist at 50c a box and be sure you get the kind you ask for. Simply fill out free coupon below and mail today. Save yourself from the surgeon's knife and its torture, the doctor and his bills.

WORLD'S RECORD IS BROKEN BY OHIOAN

Parmalee Goes 62 Miles In 55 Minutes Across Country.

Columbus, O., Nov. 8.—Philip O. Parmalee, in a No. 10 Wright aeroplane, broke the world's record for speed in a cross-country flight, flying from the Wright aviation field, eight miles northeast of Dayton, to Columbus Driving park, carrying with him 200 pounds of freight, covering a distance of 62 miles in 55 minutes.

The flight goes on record as the first commercial trip ever made by an aeroplane. It was arranged by the Morehouse-Martens company, and to make it a commercial flight the aviator carried 10 bolts of silk weighing 260 pounds.

Just an even 55 minutes had elapsed from the time Parmalee, in his aeroplane, left the Wright aviation field, until he soared over the driving park. Ten minutes later at 11:52 a. m.—he landed in the circle inside the Grand circuit race track, and hundreds of people who had seen him soar over the city rushed to the scene of landing, adding to the crowd of 1,500 who were there early awaiting the arrival. A detachment of the National Guard in charge of Captain Oyler of Company B, Fourth O. N. G., kept the crowds from getting in danger under the aeroplane.

After Parmalee had eaten lunch he gave an exhibition of airship maneuvering about the driving park. The aviation day festivities were concluded with a race between the airship and a motorcycle, in which the latter won.

WEATHER FORECAST

Ohio — Tomorrow fair, with brisk west to northwest winds.

CHAUFFEURS GO OUT ON STRIKE

Add to New York's Traffic Trouble.

LABOR LEADERS PLEASED

Say They Can Call Out Every Taxi-cab Driver in City and Will Do It Unless Express Companies Come to Terms Before Tonight—Every Conceivable Sort of Ancient Vehicle Pressed Into Service—Women Shoppers Struggle With Bundles.

New York, Nov. 8.—The express strike situation has worried into pretty uncomfortable shape by the taxi-cabbers. Enough of them went on strike to tangle up the transportation arrangements of most of the hotels, and the labor heads are confident that they will pull out still more of these drivers. A general strike of just about everything that goes on wheels is not at all improbable; the leaders say they can order it, and they add that they will meet for that purpose tomorrow if an agreement doesn't come before that.

The effect of drawing off a share of the city's taxis was immediate. Rickety old coaches that hadn't known service for years were brushed up and sent to a lot of the hotels. Even conveyances generally used for nothing but funerals had to do their part along Fifth avenue. Early in the day the sidewalks were more crowded than ordinarily, and streams of women who carried packages on which delivery could not be provided edged around the entrances to the stores. A person who walked the length of Fifth avenue to Fifty-ninth street only saw three taxis. The companies whose men are not out had one telephone call after another from the hotels. There were not nearly enough to go around. The subway was more densely filled in mid-afternoon than most people could remember.

Many drivers were pulled from their cabs and many windows were broken and tires slashed. Ten of the chauffeurs were more or less seriously hurt and nearly 50 cars were banged up.

A petition went to headquarters from the offices of the New York Taxicab company stating that there were still a lot of faithful chauffeurs on hand who wanted protection.

At Tenth avenue and Sixty-fifth street a chauffeur was mauled, and another at Broadway and Seventy-fifth street. In both cases policemen came to help. A department store wagon was left standing outside the West Side court in Fifty-fourth street while the driver and his helper went inside to make a complaint. When they came out the outfit had been kidnapped. The wagon was found overturned farther down town on Tenth avenue. The horse was missing.

There were conferences among the express officials, but at the end of the day no statement was issued. One who knows the minds of the officers said that as far as they were concerned the situation was unchanged. "The whole thing could be cleared up in an hour," said he, "if it were not for one or two of the labor leaders. I believe that the companies will never recognize the union. It would be the death of at least one of the companies."

The plan of emphasizing interstate commerce is continued. The Adams and Wells Fargo wagons which go out bear large placards reading, "This Wagon Is Engaged In Interstate Commerce Only." The purpose of this appeared to be twofold: to combat the suggestion that nonunion drivers were liable to arrest for not having licenses, and to lay a foundation for possible appeal for federal aid.

BEVERLY RETAINS CAPITAL

President Taft Signs Two-Year Lease on Peabody House.

Harrisburg, Pa., Nov. 8.—Beverly will continue to be the summer capital for another two years. After the president left Washington he and the Boston representative of the Henry W. Peabody estate of Boston came to an agreement, and the president signed a lease for two years for the Peabody house at Beverly, known as "Perry Place." The place comprises 70 acres, is located about a mile from the place occupied by the president last season and about two miles from Beverly proper, but is within a few minutes walk of Mont Serfat station.

Tortured to Death For Money. Barlow, Miss, Nov. 8.—The charged body of S. Q. Martin, a prominent planter, was found in his home near here, and practically everything of value had been stolen. The authorities' theory is that Martin was tortured to death by robbers, who believed that he had money in great quantity buried upon his estate.

Fear Statewide Prohibition. St. Louis, Nov. 8.—A record-breaking vote is being cast in the state and congressional election today, as a result of the fear here of statewide prohibition. The betting here favors the Democrats carrying the state, with odds of 2 to 1 that the next legislature, which will elect United States Senator Warren's successor, will be Democratic.

SCHOOL GIRLS WHO GROW PALE

Need the Blood-making Tonic Treatment That Cured This Young Woman at South Portland.

Any growing girl who finds that her strength is failing and she is becoming pale and nervous, has no ambition and is languid, can be certain of the fact that her blood is failing to meet the demands made upon it, because it is impure and thin. She is suffering from chlorosis, which is simply a form of anemia, or bloodlessness. Steps should at once be taken to strengthen the system by building up and purifying the blood. Dr. Williams' Pink Pills do this so well and have cured so many cases of chlorosis that they may justly be called a specific for this common disease of girlhood.

Mrs. Philip H. Smart, of No. 125 Smith street, South Portland, Me., says: "While attending school I caught cold and suffered from weakness for about a year. I was all run down and did not have a particle of color. My parents thought I was going into consumption. I was short of breath and was subject to fainting spells. My limbs seemed to be all tired out and I had hardly enough strength to get around. My stomach was so weak that whatever I ate caused me a great deal of pain. My kidneys were affected and I kept growing weaker and weaker. I finally had to quit school."

"I did not improve much under the doctor's treatment of about six months and later gave Dr. Williams' Pink Pills a trial. Soon I could see that I was gaining in flesh and strength. There was plenty of color in my cheeks. My appetite improved and I was cured. I certainly think Dr. Williams' Pink Pills are a wonderful remedy and cheerfully recommend them."

Dr. Williams' Pink Pills were originally a prescription used in the doctor's private practice and their benefit to mankind has been increased many thousand fold by their being placed on general sale with the doctor's own directions for use. They contain the elements necessary to make new blood and, as the nerves get their nourishment from the blood, have been found invaluable in a wide range of diseases of the blood and nerves. A helpful pamphlet, "Diseases of the Blood" will be sent free on request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Governor Kitchen

North Carolina Executive Seeks Senatorial Honors.

TAKES CREDIT FOR CRIPPEN'S REPRIEVE

Philadelphia Lawyer on Trail of Belle Elmore.

Philadelphia, Nov. 8.—Francis T. Tobin, a lawyer and real estate broker of this city, who insists that he has turned up definite evidence that Belle Elmore, wife of Dr. Harvey Crippen, is alive in this country, claims to have inspired the action of the British home office in granting a temporary reprieve to Dr. Crippen, recently sentenced to be hanged for his wife's murder. Mr. Tobin said that after having learned that Mrs. Crippen had been recognized in various western cities, even after her husband had been put on trial for her murder, he communicated the facts in his possession to Crippen's attorneys in London.

He presumes that the home office in granting an unlooked for reprieve to the condemned man and extending the date of his execution until Nov. 13 acted upon the information which he supplied.

Tobin said he had positive information that Belle Elmore was alive and living in seclusion either in Chicago, Kansas City or San Francisco.

Cleveland Fugitive Caught. San Francisco, Nov. 8.—While preparing to sail for South America, O. Pender, wanted by the police of Cleveland to answer a charge of being an accomplice in the murder of Mrs. Walter Raynor in that city Sept. 16, was arrested here. Pender admitted his identity.

Taft Presents Medal. Washington, Nov. 8.—President Taft presented a congressional medal of honor to Lieutenant Gordon Johnston, Seventh United States cavalry, at the executive offices. Mr. Taft made a brief speech reciting the act of bravery which resulted in the granting of the medal by congress.

AUTO CONCERN CLOSES DOORS

President Disappears In Cloud of Rumors.

CREDITORS WANT \$12,000

Stockholders Get Busy and Learn That Walter N. Cram Had Borrowed Money Without Knowledge of Directors, Although Pennsylvania Motor Company Was In Prosperous Condition—Also That They May Have to Make Up \$40,600.

Philadelphia, Nov. 8.—The Pennsylvania Motor company, a prosperous automobile selling concern, with headquarters here, closed its doors with a sudden thud that sent a shock of astonishment along the entire length of automobile row, following the action of two creditors in levying on the stock of the company for debts aggregating about \$12,000, and the disappearance of Walter M. Cram, the president, in a cloud of wild rumors.

Disclosures made at a meeting of the stockholders indicate that for some time past Cram, despite the prosperous condition of his concern, had been foundering in financial difficulties, and that he borrowed the \$12,000 without the knowledge of the board of directors. An examination of the books of the concern has not been made as yet, but reports circulated had it that there were tragic preliminaries to the present trouble.

One report had it that the shortage that will have to be borne by the stockholders will reach \$40,600, and that Cram, who was one of the best-known automobile men in town, attempted to commit suicide in the repair shop adjoining the company's salesrooms a week or 10 days ago.

BUCKEYE BRIEFS

Earthquake Recorded. Cleveland, O., Nov. 8.—A severe earthquake shock, far to the southwest and probably in South America, was recorded at the observatory of Ignatius college.

Imitates Husband's Act. Gallon, O., Nov. 8.—In the same room where her husband took his life three months ago, and adopting the same means—carbolic acid—Mrs. Mattie Kinney tried to die, and may succeed.

Woman Breaks Neck. Columbus, O., Nov. 8.—Mrs. Mary C. Zelle, 78, of Boswell, was instantly killed at the home of her daughter, Mrs. W. H. Lauer, when she fell down a flight of stairs. Her neck was broken.

County Bank Is Robbed. Toledo, O., Nov. 8.—After working an hour in the Home Savings bank at Metamora, 22 miles west of this city, four safe robbers blew open the bank vault, secured \$2,000 and, after exchanging shots with officers, escaped to this city.

Elbert Hubbard Hooted. Cincinnati, O., Nov. 8.—Because he was hooted by the audience at a local theater, Elbert Hubbard gave up his vaudeville engagement for the week. The crowd in the gallery did not take kindly to his turn and gave him the laugh in a manner that aroused his ire.

Warren In Line For School.

Columbus, O., Nov. 8.—The city of Warren, Trumbull county, stands a good chance of landing one of the two new state normal schools to be located by the commission appointed by Governor Harmon to make the selections. Secretary Johnson of the commission says that city stands very high in the estimation of the members as being a most desirable place for the location of the school.

Money For the State.

Columbus, O., Nov. 8.—State Insurance Commissioner C. C. Lemert turned into the state treasury his insurance tax collection amounting to \$199,331.19. This is the yearly tax on insurance companies doing business in Ohio. He also turned into the treasury \$13,093.89, which is one-half of 1 per cent which is levied for the support of the state fire marshal's office. State Dairy and Food Commissioner Dunlap turned in \$832.25 collected during the last week for fines and licenses.

SEEK TO AVOID TROUBLE

Chicago Clothing Factories Close on Account of Election.

Chicago, Nov. 8.—Spurred to action by destitution among thousands of garment workers here, local and international leaders met to arrange for a general canvass of labor bodies to secure funds. The Chicago Federation of Labor has sanctioned the move, and it is believed the response will supply funds for the long battle in sight.

Following the rejection of a peace pact, framed with one of the biggest firms by International President Rickert, overtures for peace languished. A few of the smaller concerns have signed agreements, but for the thousands of other strikers no hope of settlement is in sight. Although few disturbances in the manufacturing district occurred, and those of small importance, police uniforms have caused a novel plan to

PLASS SURRENDERS ON FRAUD CHARGE

Returns From British Columbia to Face Music.

Boston, Nov. 8.—Returning from British Columbia to face charges of misuse of the mails in the promotion of the Redeemable Investment company, of which he was formerly president, the Rev. Norman Plass, once head of Washburn college, Topeka, Kan., surrendered to the federal authorities.

When Plass reached the federal building, a warrant charging him with using the mail in a scheme to defraud was served, and Plass was arraigned before United States Commissioner Hayes. He pleaded not guilty and was held in \$3,000 for a hearing Thursday. Counsel for Plass said that the surrender of Plass was wholly voluntary. He was in British Columbia when he first heard of the difficulty, and as soon as he had finished personal matters which had called him west he had come home to meet the charges brought against him.

ANXIOUS FOR FRAY

Philadelphia Carmen Fix Secret Date For Strike.

Philadelphia, Nov. 8.—A strike of the union conductors and motormen in the employ of the Rapid Transit company, estimated to number 5,000, will be called today unless the two arbitrators who have been trying to adjust the differences between the company and men reach a satisfactory agreement. The exact hour for the strike to become effective is known only to the executive committee of the carmen's union, which is empowered to order the men out. Instructions to call a strike unless the grievances of the men are adjusted at a time agreed upon today were given to the executive committee at a widely enthusiastic meeting of the union.

This action followed a report made to the union by leader C. O. Pratt that the arbitrators, Raymond Robins, representing the men, and John G. Vogler, representing the company, had held several conferences but had failed to reach an agreement.

Two Prisoners Missing.

Columbus, O., Nov. 8.—John Christy and William Parnell, both 24, are reported as missing at the Ohio penitentiary, to which they were sent from Lucas county on a charge of burglary and larceny. Prison officials, in the belief that they are hiding within the walls, will not take steps to apprehend them outside until the inside of the prison has been thoroughly searched.

RIVALS CLASH AT GARY

Candidates For Sheriff Have Guards on Duty at Polls.

Gary, Ind., Nov. 8.—With the sheriff of Lake county Thomas Grant, and his chief assistants reinforced by 100 husky deputies from the rural districts, Gary is being watched to day at the polls. However, there is danger in the fact that the police department and the sheriff's force are at daggers' points. Sheriff Grant is the Republican candidate for reelection and Chief of Police Joseph Martin is the Democratic candidate for Grant's position.

Mayor Noffs increased the police force several times its regular number. He has sworn in a number of negroes from the South Side saloons, and one of these, Walter Davis, now under jail sentence for wife-beating, has been released from the city prison and appointed a patrolman. Mike Yocconovitch, better known as "Dog-face Charley," a slugger, who took part in last year's stirring election scenes, has been appointed a detective and is terrorizing the South End with his club.

ROAD MYSTERY EXPLAINED

Elyria Man Killed in Runaway Near Hamilton.

Hamilton, O., Nov. 8.—The mystery of the death of George H. Nichols, 53, of Elyria, whose dead body was found along a road near Darrown, was explained when Lewis Hosps, 32, of Minneapolis, Minn., who was his companion, was found in a barn on the William Teckman farm.

It seems that Nichols and Hosps, who were patients in the Oxford reformatory, went driving, and when near Darrown their horse scared at a stonecrusher along the road and ran away. Both men were thrown from the rig and Nichols was killed, while a few minutes after this Hosps was also dumped into the road, but was only stunned.

Insurgent Far In Lead.

San Francisco, Nov. 8.—The close of the hottest political fight seen here in years shows that Hiram Johnson, insurgent Republican candidate for governor, has so great an advantage that Corbett's poolrooms are giving 2 to 1 that Johnson wins and even money that his plurality will be 20,000.

Get Rid Of Your Cold---

IT'S EASY

Take this from the Rexall man—more costly and fatal effects are the direct result of what is generally considered a harmless cold than any one other of the minor affections. But a cold is rendered almost harmless if you get one of the new vest pocket size boxes of Rexall cold tablets and begin taking the same as soon as you first begin to feel the cold symptoms. One box generally is sufficient to ward off several colds in their beginning and one is enough to cure a full grown cold of the worst type.

One of these boxes are so easy to carry with you and the tablets are so effective that there is no reason in the world why any one who knows about this remedy should have a cold.

Your money will be gladly returned if you don't think them fine.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal question of the local physician which seems indicative. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition.
